I'm still scared of spiders, in the shower
But now I'll wash them away on my own
Still wanna hold you
But I know now
I should be lettin you go
And I see the distance
Between you and me

You are not the one
I am not afraid
I can learn to grow
I just need to make my own mistakes
It's a little bit clearer
A little bit clearer now

You are not the one
Oh no
I thought you were
You are not the one

It's funny, I only asked you
Just for one night
But you would never let go in the end
Then you asked me
Try to act like, the girl you want me to be

So if you're tryin to change me
If you don't want me for me

Then you are not the one
I am not afraid
I can learn to grow
I just need to make my own mistakes
It's a little bit clearer
A little but clearer now

You are not the one
Oh no
I thought you were
You are not the one

Now I see the distance between you and me

I am not afraid
I can learn to grow
I just need to make my own mistakes
It's a little bit clearer
A little but clearer now

You are not the one
Oh no
I thought you were
You are not the one

You are not the one
Oh no
I thought you were
You are not the one
