Don't wanna be an ordinary girl.
Don't wanna be a preppy girl.
Don't have to be the smartest one;
I wanna be the only one.

Don't wanna be an ordinary girl.
Don't wanna be a preppy girl.
Don't have to be the smartest one;
Wanna be the one.

I know that this place isn't where
I'm supposed to be, but I can't fly away... Ah.
Sometimes I want to destroy something;
The hand in my pocket
Understands that feeling.

I've learned that
If you don't fit in,
You're in for a bitter experience;
I look back at my footsteps...

Blue sky headphones,
Cold glass walls --
Let's kick them down.
It's not over until we die.

Crazy complications close in
While my armor gradually thickens;
I'm not a genius
Who can change the entire world.

But those who know they're weak
Are more of a threat than you can imagine.
I'm ready for anything;
Bring it on.

Don't wanna be an ordinary girl.
Don't wanna be a preppy girl.
Don't have to be the smartest one;
I wanna be the only one.

Don't wanna be an ordinary girl.
Don't wanna be a preppy girl.
Don't have to be the smartest one;
Wanna be the one.

A first place ribbon is displayed beautifully,
But does that mean everything else is junk?
First place always belongs to somebody else,
So I can't bring myself to honestly say,
"Congratulations"... ah.

It wouldn't be interesting
If everyone was the same;
So Fod sealed away
The magic in each of us.

Where is mine?
It's not in my belly button or in my ears...
I can't find it,
No matter where I look.

Crazy complications close in
While my armor gradually thickens;
I'm not a genius
Eho can change the entire world.

I only need one life
That I can be openly proud about;
There should be something
That belongs only to me.

I'll rise to the top;
Even if I get beaten up,
I'll keep on going...
So don't stop it.

Build it up,
Break it down,
And gather all the pieces...
(Don't wanna be an ordinary girl,
Just wanna be the only one)
... That's just the way it is.

Crazy complications close in
While my armor gradually thickens;
I'm not a genius
Who can change the entire world.

Regain your emotions,
Follow your impulses and act wild;
Do you want to be like

One of those robots?

Crazy complications close in
While my armor gradually thickens;
I'm not a genius
Who can change the entire world.

But those who know they're weak
Shine brighter than you can imagine.
I don't care if I get smashed up;
I'm not afraid.

Don't wanna be an ordinary girl.
Don't wanna be a preppy girl.
Don't have to be the smartest one;
I wanna be the only one.

Don't wanna be an ordinary girl.
Don't wanna be a preppy girl.
Don't have to be the smartest one;
Wanna be the one
