Stop being a- yo vegas you suck
Devin your fucked
Can you rap for me it turns me on
Caprot destroyed you (fucking faggot)Â
Stop pretending your a good rapper cuz you really suck
at everything

This ends now
Bitch I whip pens out
Spit an get ten thouÂ
And how?
Cuz I take these feelings rip them out,
Get equipped then drown
Bitches in a wave of spit and sound
So just sit Ken downÂ
Who doubted me?
Now 'body
Talking all like how did he
Sprout outta theeÂ "hood like crap"Â
I geuss he could write rap
And I would fight back if I ever gave a rats assÂ
Who gets the fuckin last laugh
You kidding, walking past that
You backstabbin fat faggot
Crack addict
Hoppin round ya jack rabbit
Drop it down yea cap rat it
Voice effects I laughed at it
Spoiled little brat haha nah scratch that
You got a girl well what kinda drugs is she on?
Just quit buggin be gone
Cuz you were fuckin peed on in three songs by me darn
So how you bout to be strong I found a crowd to lean
onÂ
The sea calmÂ
Just because I leave harm and lay you on the ground
you sleep on...

You don't understand me, but if the feeling was right
you might comprehend
Me

You don't understand me, but if the feeling was right
you might comprehend
Me

Why must I be critized on every single word I spit
It's like what ever flies, it's publicized then I get word of
it

And then you guys come up with lies when manÂ I just
done heard the shit! Â

So bro don't go and change the story

Set the scope and aimed for gloryÂ

Waiting for my chance and this might be it

Wait I see it, and I take it

If I make it I aint thankin noone

Cept Ali, Drake and

Hater that's an awful stink ya made IÂ

Think ya needa incu baterÂ

Hey there playa think your hot?Â your old news boy

Your flow is lame, I own new york

I mold this game, a whole new sport

AndÂ it will take alotta hate ta break me

So before you go and criticize

Listen to my verse in when we ride

And then decide

And I lied

Cuz I keep on my grind

When I speak every line

So unique when I rhyme

My technique is devine

Thirty 3 it's the time

Nine lives bitch

I'm tired of it
