If you could see me now
I know that you'd be proud
Seeing at just how
I turned everything around
I came back from making lame tracksÂ
To gettin fame that doesn't matter
Cuz I'd rather have the chance to say goodbye
And say that IÂ
Got to see you one last time
We had fun mad times
And I aint gon' lie
When I say man, your still on my mind
You can ask mom I cried
For atleast nine nightsÂ
Rest in peace, my life
Had changed that day
I say that hey, I don't wanna live that way
Regrettin every single thing I do in the future
Instead I hope to use tha
Music that I move for
To be a tutorÂ
I never hoped I'd see the day that I'd ever lose ya
Cuz without you tha

Without you this roads so cold it's so aloneÂ
And I'm just trying to find a way back home

You mean just as much to me as proof does to eminem
Even though your gone your love it truely never ends
Me and you: forever friends
I'll see you up in heaven damn
I've never known a better man
I remeber when I said to Gram
The thing I think I'll miss the most,
That little laugh at simple jokes
And for me it's difficult
I miss you so
This is fo everyone who misses yo
And I remeber back in '08 and it was by christmas,
Me you and Gram stood by the lake and
Pop Pop was taking pictures

I wish this coulda lasted
