Sit down all you little children  
Listen well to me  
I'll tell of Blind Guardian  
Dragonforce and Rhapsody

To listen to their songs  
You need to know a lot of things  
And read at least seventy times  
The "Lord Of The Rings"

This maybe sounds too long  
For you child to be done  
But don't be afraid my little children  
Go and take your helm

No, this won't sound too long  
Pay attention now my son  
'Cos Nanowar will drive you across  
The whole enchanted realm

Let's talk about the elf  
Where does he live? Where does he live?  
He lives inside the green of  
Luca Tour Hill Luca Tour Hill

He mows the enchanted lawn  
Drying his hair with the phon  
Singing all day long  
His homosexual elvish song:

[Bridge:]  
"I've got it very long  
I've got it very strong  
I'm going to stick my dick  
Between Loooca Tour Illy's cheeks"

He stuck inside his bed  
To do what can't be told  
But we can sing together  
The homosexual elvish call

[Chorus:]

HAIL! Elf! Elf! Elf!

And what about the Dwarf  
Where does he live? Where does he live?  
He dwells inside the bath of  
Lou-Ka Tu-Ril, Lou-Ka Tu-Ril!

He cuts the enchanted wood  
And the dick of Robin Hood  
Singing very rude  
In a bald and dwarfish mood:

[Bridge:]  
"I've got it very long  
I've got it very strong  
I'm going to smash my mace  
Into Luka Turillee's face"

He went behind his back  
And pointed at his neck  
What happened you may guess  
It's time to sing our song at last

[Chorus:]  
HAIL! Dwarf! Dwarf! Dwarf!

It's time to call the Orc  
Where does he live? Where does he live?  
He lives inside the sock  
Of Luca Turell, Luca Turell

A mage with a great spell  
Tried to stop his haunting smell  
No Orc, as you would tell  
It's Tour-hill who's dirt like hell

[Bridge:]  
"I've got it very long  
I've got it very strong  
I'm going to use my bats  
To squash Looma Tupilli's guts"

He waited in his room  
For Numa Pompili's doom  
He'll wish not to be born  
At the sound of Orcish Horn!

[Chorus:]  
HAIL! Orc! Orc! Orc!
