What's wrong, my pet?  
You seem so upset  
Tell me what's bothering you  
You're acting strange  
It's time for a change  
Let me suggest what to do:

Let's cuddle up  
In my security blanket  
And there we can hide  
From the world  
Why should we care  
If others conform?

We'll snuggle up  
So cozy and warm

Oh, we will be safe  
When we're wrapped up  
In the blanket  
We'll see all our problems  
Unfurl  
So let's cuddle up  
In my security blanket  
And there we can hide  
From the world
