Here I Go

Words by Paul Sallee and Brittany lafelice

Are you listening?

Can you hear me?

Is there something that you're not perceiving?

Whisper one thing

Scream another

Then you tell me it's because you love me

Transformations all you're asking for

Time is up, don't ask me anymore

Pull me up then knock me down again

This is where it ends, so here I

Go, oohhh

So here I go

This is your time

I'm imposing

Where you going that is so important?

Can't explain it

That's in your hands

I remember it's because you love me

Transformations all you're asking for

Time is up, don't ask me anymore

Pull me up then knock me down again

This is where it ends, so here I

Go, oohhh

So here I go

I don't want your reasons why

I don't need another lie

Don't be offended it was no surprise

It was right before your eyes

Listen to the reasons why

Never say I didn't try

Don't be offended it was no surprise

It was right before your eyes

It was right before your eyes

Now you're listening

You can hear me

No more resistance to the words I'm saying

Whisper softly

Now I'm screaming

No more saying it's because you love me

Transformations all you're asking for

Time is up, don't ask me anymore

Pull me up then knock me down again

This is where it ends, so here I

Go, oohhh

So here I go

Go, oohhh

So here I go

I don't want your reasons why

I don't need another lie

Don't be offended it was no surprise

It was right before your eyes

I was right before your eyes.
