With the power that some loving can bring
Makes the mountain high, stacks of money and things
That I need change and fade away sometimes

When I look in the mirror, uuh, I see a little clearer, uuh
I am what I am and you are you too
Do you like what you see? Do you like yourself?

Money love and goldpayments
We spend our lives thinkin' they are saviors
Money talks but love is for real and you know that, uuh

Then a picture comes into my mind
Everybody knows you need some money sometimes
Could it be that we need lovin' to survive

So look into my eyes, uuh, I won't tell you lies, uuh
Who do you see? Do you see yourself?
Do you like what you see? Do you like yourself?

Money love and goldpayments
We spend our lives thinkin' they are saviors
Money talks but love is for real and you know that, uuh

So how do we drink in a sinkin' ship?
How do we float on a sinkin' boat?
So how do we rock when the rock gets rollin'?
Give me a float and keep the moon light rollin'?

Talkin' about, talkin' about, talkin' about money
Nothin's for free in the land of milk and honey
Got a foot on the bridge over troubled water
A credit cards cool but I'll settle for a quarter

Money, money, money

[Incomprehensible] what I'm sayin'
I'm talkin' about money, I'm talkin' about money
C'mon, I'm talkin' about money

Money love and goldpayments
We spend our lives thinkin' they are saviors

Money talks but love is for real and you know that, uuh
