I know you're out there
I can feel you now
I know that you're afraid
You're afraid of us
You're afraid of change
I don't know the future
I didn't come here to tell you
how this is going to end
I came here to tell you how this is going to begin
I'm going to hang up this phone
And then I'm going to show these people what you
don't want to see
I'm going to show them a world, without you
A world without rules and controls
Without borders or boundaries
A world, where anything is possible
Where we go from there,
Is a choice I leave to you
