So many times I've tried
Get my rocks off and leave them
All behind
Go and get your rocks off!
So many times I've tried
Get my rocks off and leave them
All behind
Go and get your rocks off!

Here I am, climbing the walls
And I'm doing my best to get higher
Here I'm, winning the race
You ain't ever pull down my desire

You hat the way I live, the way I love
Everybody, find someone and let me go
All my lovin' a haters
Crazy troubl'a makers
Scorn me if you wanna!

I can fell my footsteps going on
As worlds fall apart and the walls come
Tumbling down
Ge abd get your rocks off!
I can fell my footsteps going on
As worlds fall apart and the walls come
Tumbling down
Ge abd get your rocks off!
Here I amÃ¢â€šÂ!
