When the world
Around you crumbles down
Your head's hung low
And tears fall to the ground.

You feel life's
Poison choking you
You scream out loud
What do I do
And hold your hands up high.

Chorus:
Help me, help me
Get me out of here
The cries echo out
But fall upon deaf ears.
Help me, help me
Get me out of here
The cries echo out
But fall upon deaf ears.

If I could see the picture

And not the mess within
Reasons might help me through
Give me somewhere to begin.

When do you start to build your life
when the walls have tumbled in
and all you've done to sacrifice
and fought to not give in.

Chorus

During these dark years
When it's hard to see the light
Wipe away those tears
And don't give up the fight.

Chorus (x2)
