and i'm so glad i  
gave you one last go at a  
meaningful relationship  
before you went off to college

cuz the memories you'll make  
are the ones that you spent in  
love (not lust) oh the ones that you spent  
laying under the stars and talking of love and talking  
about your regrets

the time it takes to make  
such lovely thoughts and mistakes  
seems like it was all a waste in the end  
a waste in the end

but that couldn't be more far from the truth because  
without a heart in  
pieces we could never piece it  
back together just  
like we'd like just like we'd like

to all the guys going through the  
same s\*\*\* walking roads at night  
blasting our music  
it's no fun

i hope the pain is gone for  
you i know what it's like to feel like  
you're done  
counting all the days and months

and i can't believe  
that you chose me  
you're the girl of so many boys dreams  
that it's not funny it's not fair

i wish i could take back everything  
i said everything i  
didn't do everything i didn't  
doo doo doo doo doo doo doo doo

cuz college is a free for all  
where everyone gets drunk and  
stoned each night and they end up waking up in  
another damn random bed like the night

before and the night before  
and the night before  
oh s\*\*\* you can't  
remember that far

back cuz you're drinking like a  
pro you're kicking  
ass  
like an artist at the job

OH!
