

Olympic Songs "Everyone"

Visit "[Everyone](#)" on MotoLyrics.com

Walls are down...
Hopes arise...
Rings of the world unite... !
Every child...
Has a wish...
To glow like the stars above... !
Lift your voices as victories blaze...
This is the day to win the grace... !
Raise your hand for our generation
Fly the flags of every nation... !
Reaching out for that moment in our lives
Raise your hand for our generation... !
Living out your aspiration...
Time to fly way beyond the skies...
A world that shines for every one... !
Be the best...
Go all the way...
Friends beyond the race... !
Cheer the joy...
Share the tears...
The journey remains our pride... !
Lift your voices as victories blaze...
This is the day to win the grace... !
Raise your hand for our generation
Fly the flags of every nation... !
Reaching out for that moment in our lives
Raise your hand for our generation... !
Living out your aspiration...
Time to fly way beyond the skies...
A world that shines for every one... !
