Everyday life's in a hurry  
It seems I can't hold on  
And pressure in my world is heavy  
I thought my strength was really gone  
At the end of a hard working day  
I have always wanted to look in your eyes each day  
Though I know my life's in a real storm  
This time I'm sure  
I'm not alone

CHORUS:

I can't deny that loving you is my strength  
And it keeps me from falling  
I can't deny that kissing you on your lips  
Would now push me to move on  
(Everyday I think that, I can't deny)

People have told me oh girl  
That I won't make it through  
Tryin' not to get so distracted  
But sometimes it affects my moves

You have always said that love will find a way  
I never made a point to see what you mean to say  
Though I know my life's in a real storm  
This time I'm sure  
I'm not alone

CHORUS:

I can't deny that loving you is my strength  
And it keeps me from falling  
I can't deny that kissing you on your lips  
Would now push me to move on  
(Everyday I think that, I can't deny)

At the end of a hardworking day  
I have always wanted to look in your eyes each day  
Though I know my life's in a real storm  
This time I'm sure  
I'm not alone

CHORUS:

I can't deny that loving you is my strength  
And it keeps me from falling  
I can't deny that kissing you on your lips  
Would now push me to move on  
(Everyday I think that, I can't deny)

I can't deny...  
(Repeat till fade)
