"Hold On"

Hey, baby, how's life been movin' on
I can't deny it now you are gone
This is the first time, can I make it through
Without you now, do the things I used to do

It's getting harder to ease the pain
The feelin' changes, love still remain
I don't know how if I can get this right
Maybe given time, I'll make the most of what I've got

REFRAIN 1

Is this the price we pay
With all the good times we shared
Faithfully, we've got a reason to go on

I know it's good to be true
Just spend the nights with you
Let me tell you that our love can make it through

CHORUS

Hold on, baby, hold on
We've got to go on now
This feelin' so strong

Hold on, baby, hold on
It's a burning desire
Comin' right down the wire

Sweet talkin', it's all in the line
There's no turnin' back unless you make up your
mind
The expectations after all of these years
Risin' to the moment, let's forget all our fears

REFRAIN 2

Is this the love we have
With all the good times we shared
Faithfully, we've got a reason to go on

I know it's good to be true
Just spend the nights with you
Let me tell you that our love can make it through

[Repeat CHORUS]

BRIDGE

And when the night is over
Well, no one can deny it
Got to believe in
We couldn't ask for more than to hold each other tight
It's just we'll never take things for granted

[Repeat CHORUS]

(Hold on) Hold on (baby, hold on)
You can hold on to me while I hold on to you, oh baby
(Hold on) Hold on (baby, hold on)
It's a burning desire
Comin' right down, right down the wire
[Fading]
