You give me time to care
The moment seem for us to share
(But your heart is not always there)
What more can I say to you

Could I lie to you
I'm just too weak to face the truth
(I couldn't tell what I feel inside)
What more can I say

How can I fall
How can I fall
When you just won't give me reasons
When you just won't give me reasons, at all

When I hold this line
I know the choice to leave is mine
(I couldn't help what I feel inside)
What more can I say to you

Now my faith is gone
I fight myself to carry on
(Even though there's harm it'll do)
What more can I say

How can I fall
How can I fall
When you just won't give me reasons
When you just won't give me reasons (2x)

You just won't give me reasons
You just won't give me reasons at all
How can I fall, can I fall, when I fall
How can I fall for you...uhh
