Don't say a word
I'm sure that it won't be enough
To erase what I know just happens now, what dreams
are made of
This is my house and I won't allow the disrespect
Baby, don't look at me like that
I don't belong to you, run away

Cause baby now that your caught what am I supposed
to say
When you're so wrong in what you did, but I still feel
this way
I can't believe it, or forget it, what I saw today
And if you're wondering if I'm staying, answer is no
way
No Way
No Way
No Way

Thought that I saw something I know did not belong to
me
But then I thought that there's no way you would do that
to me
And then last week, when you went outside to use your
phone
I felt a chill, but told myself that it was from the cold
And I just woke up, but I wish that it was a nightmare
'Cause when I have those, it isn't real like this one is
This is my heart, and I won't allow the disrespect
Baby, don't look at me like that
I don't belong to you, run away
'Cause baby now that you're caught what am I
supposed to say
When it's so wrong that what you did but I still feel this
way
I can't believe it, or forget it, what I saw today
And if you're wondering if I'm staying, answer is no
way
No Way (I can't believe it)
No Way (I can't believe it babe)
No Way

Get your things and go
You can take the dinner leftover from last night
I made you your favorite,
Goodbye.

Cause baby now that you're caught what am I supposed
to say
When it's so wrong that what you did but I still feel this
way
I can't believe it, or forget it, what I saw today
And if you're wondering if I'm staying, answer is no
way
No Way
No Way

Heeeey
Ooooooh
No Way
No Way
NO WAY
No way
No way
