I saw you go down with your heart aflame
I ran for water but grabbed kerosene
Now, oh my goodness, despite my efforts
What a blazing mess

2nd verse:

I climbed in bed with my frozen feet
You felt something and threw back the sheets
So there I'm lying, so there your crying, how
unfortunate
But aw, through it all the truth was I loved you best

Chorus:

Now you're holding something better
And now I'm holding old love letters and new regrets
The irony is just so glaring
Cause now I've got this torch to carry and it burns you
bet
But aw, through it all the truth was I loved you best

Chorus:

3rd verse:

Now toothpaste and tube, it's just one of the views I have
About me and you lately
It's cliché I know but seems apropos, if the shoe fits
well
I figure say it
I know it's a fact that I over reacted, sometimes my
Passions betray me
The changes I made as I tried to come clean; you were
my
Bath water baby

4th verse:

Now I did all the squeezing
And now I've got this real bad feeling that I made this
mess
I did all the plug pulling
And now I'm high and dry, no fooling, it's my fault I
guess

But aw, through it all, the truth was I loved you best
Aw, through it all the truth was
Aw, don't you know the truth was
Aw, don't you know I loved you best

You were my bath water baby.
