It's been a hard time darling
It's been way more than we bargained for I'd say
We've paid and we've paid and paid

It's been a tough go honey
This old rocky road we're running
But it's still better to stumble together than falling
alone
Don't fall alone

Chorus:
So call if you need
To hell with what we agreed
I'm sitting here by the phone
Waiting to say hello I still love you

Over and over this is some hard knock ground we've
covered
But it's still better to stumble together than falling
alone
Don't fall alone

If I knew just where you were
Believe me I would call you first
But you've run away and
Can't hear what I'm praying

So I'll sit here in the dark all night
And hope that girl, you'll see the light
And know that it's better to stumble together than
falling alone
Don't fall alone

Chorus:
So call if you need
To hell with what we agreed
I'm sitting here by the phone
Waiting to say hello I still love you

Over and over this is some hard knock ground we've
covered

But it's still better to stumble together than falling
alone
Don't fall alone
Don't fall alone
Don't fall alone
