I'm from Seattle, she's from the Hamptons
She went to school, I was looking for answers
She was so cool, his air was handsome
We should be a matchmade in Heaven
She got credit cards, my debts overstanding
Her father was hard and mine left me stranded
I squatted around while she's up in mansions
We are still a matchmade in Heaven

We're so unusual, we're both from different worlds
But then I can't deny my angel from above
From above you were sent to me
From above meet destiny
Can't think of a better girl for me
I'm in love with miss heavenly
From above, I'm in love

I've been around, she's inexperienced
The rules of the game I'm gonna teach her this
She got it made damn we're the opposite, but we're still
a matchmade in heaven
She got a bodyguard like a celebrity
The worst thing of it all is he won't let her close to me
Before I met you, I didn't know nothing
But you're here and for that I'm grateful

We're so unusual, we're both from different worlds
But then I can't deny my angel from above
From above you were sent to me
From above meet destiny
Can't think of a better girl for me
I'm in love with miss heavenly
From above, I'm in love
