Oh whoa yeah whoaaa
I use to know, once I control
Know I see you and I lost it for sure, It's upside down
I'm inside out, everytime I see you I just want more,
I try so hard to leave it, when your gone it's like I'm
preson, standing here alone in the dark (and I can't
control myself) when I see you, I need you, you know

Somebody call my moma say I found the one she
wanted need to spend my life with and it's you,
somebody call my father tell him I won't even bother
lookin any more cause now I know,
Baby it's you you you it's you whoa, baby it's you
whoaaaaa whoa, can't believe we got through all this
time right in front of my eyes, that it was you, you, you,
you, you, you, you, you, you, you, you, you, you, you,
said I can't believe it was you, you, you, you, you, you,
you, you, can't believe we got through all this time right
in front of my eyes that it was-

I look at you (look at you) get lostin you (lostin you) to
the world that I don't want to be found. wanna lay you
down (hearts beats faster) hear the sound (that's what
I'm after) I can be myself around you, ever used to see
it that way, everything changed in my day, it was like
someone invited my soul and I fell in loved with you, I
know it's true (I know it's true) and I know it's you.

Some body call my moma say I found the one she
wanted need to spend my life with and it's you,
somebody call my father tell him I won't even bother
lookin any more cause I know
Baby it's you you you it's you whoa, baby it's you
whoaaaaa whoa, can't believe we got through all this
time right in front of my eyes that it was you, you, you,
you, you, you, you, you, you, you, you, you, you, you,
Said I can't believe it was you, you, you, you, you, you,
you, you, can't believe we got through all this time right
in front of my eyes that it was you

If somebody told me one day
I would end up with you I wouldn't believe it, wouldn't

believe

Cause I feel like can't figure this out how I end up with
you I'm so glad I found you

Somebody call my moma say I found the one she
wanted

Need to spend my life with and it's you, somebody call
my father tell him I won't even bother lookin any more
cause now

Baby it's you you you it's you whoa, baby it's you
whoaaaaa whoa, can't believe we got through all this
time right in front of my eyes that it was you, you, you,
you, you, you, you, you, you, you, you, you, you, you,
said I can't believe it was you, you, you, you, you, you,
you, you, can't believe we got through all this time right
in front of eyes that it was yooooou, that it was
yoooooou, that it was you, you, you, can't believe right
in front of my eyes.
