E met her at a tractor pull just a year ago in May,
Pony tail and John Deere cap no makeup on her face,
She turned and smilesd and winked at him she knew
he liked her style,
A few months down a country road they were walking
down the isle
They moved into a double wide in back of daddys
farm,
When it comes to snobs like Martha Stewart she don't
give a darn
She aint afraid to make a bed sheet curtain part of her
decor
Because to him it looks like paradise when he walks
through the door
She don't care about the South of France or a bottle of
champigne
She's just as happy drining punch in Paris, Tennessee,
That diamond ring upon her hand is kind of small and
lost,
She may not be a glamour queen her life is full is
simple dreams to him she is his everything his hillbilly
goddess,
To her a day of shopping aint a blessing it's a curse,
Instead of Dulche and Gabana Smith and Weston is in
her purse,
She don't no fancy restruants the girl knows how to
cook,
The only use she's got for suchi is baiting up a hook,
To him she looks live Venus in her camoflauge
pajamas,
Thinks she deverves a monument in Athens Alabama
Brads got Angelina but to him he has got the hottest,
This country girls no glamour queen her life is full of
simple dreams to him she is his everything this hillbilly
goddess
