honey,
don't waste your time
i know you love me
get to the back of the line

honey,
oh oh don't make me say it again
oh oh cause i'm a careful one
and count you to one, two..

ima chew you up and spit you out
i'll blow your house down
i'll blow your house down
i'll blow your house down
ima chew you up and spit you out
i'll blow your house down
i'll blow your house down
i'll blow your house down

honey,
you know i never let you uhhh
that means you love me
a little bit more

honey,
oh oh, don't make me say it again
oh oh, cause i'm a careful one
and count you to one, two..

ima chew you up and spit you out
i'll blow your house down
i'll blow your house down
i'll blow your house down

ima chew you up and spit you out
i'll blow your house down
i'll blow your house down
i'll blow your house down

and let the first little boy thought that he was the shit
and the second little boy tried to sneak me a kiss
and the bad little boy, he just bought me a drink

and they both went home alone

and they both went home alone
and they both went home alone
and they both went home alone
and they both went home alone

ima chew you up and spit you out
i'll blow your house down
i'll blow your house down
i'll blow your house down

ima chew you up and spit you out
i'll blow your house down
i'll blow your house down
i'll blow your house down

ima chew you up and spit you out
i'll blow your house down
i'll blow your house down
i'll blow your house down

ima chew you up and spit you out
i'll blow your house down
i'll blow your house down
i'll blow your house down
