the moment i wake up
it's time, to leave
why won't the clock stop
and wait for me

i've been saying go go
and my mind is saying no no
my locked up fantasy
you're the one to keep

hey baby let's be more than friends
we could be more than friends
you could be my boyfriend

hey baby let's be more than friends
we could be more than friends
i could be your girlfriend

lalala i loved you
could you be my boyfriend
if you told me you loved me
i could be, your girlfriend

under the bedsheets, we don't sleep
i gotta secret, i don't wanna keep
my heart is saying go go
but my mind is saying no no
a locked up fantasy
you're the one to keep
hey baby let's be more than friends
we could be more than friends
you could be my boyfriend

hey baby let's be more than friends
we could be more than friends
i could be your girlfriend

if i told you i loved you
could you be my boyfriend
if you told me you loved me
i would be, your girlfriend

hey baby let's be more than friends
we could be more than friends
you could be my boyfriend

hey baby let's be more than friends
we could be more than friends
i could be your girlfriend

if i told you i loved you
could you be my boyfriend
if you told me you loved me
i would be, your girlfriend
