Stop in the name of love she said, so we waited
Pull over the car I said, lets break in
I never found religion, but was born with freedom
That's the only thing I pray will not be taken

Kick my shoes off and I will run away
Will run away, will run away
Kick my shoes and I have found a place
Have found a place, that I call..

Pink fields, looking so good
Will I go home, or will I run away? Yeah yeah
Pink fields, make me feel good
Will I go home, or will I run away? Yeah yeah

eh yeah yeah, eh yeah yeah, ahh ahh x4

Breathe it in and taste it, doesn't get much better
I've survived all kinds of stormy weather
Finding ways to kill pain, shiny things go deeper
If I go much deeper, Amy soon I'll see you

Kick my shoes off and I will run away
Will run away, will run away
Kick my shoes off and I have found a place
Have found a place, that I call..

Pink fields, looking so good
Will I go home, or will I run away? Yeah yeah
Yeah yeah pink fields, make me feel good
Will I go home, or will I run away? Yeah yeah

eh yeah yeah, eh yeah yeah, ahh ahh x4
eh yeah yeah, eh yeah yeah, ahh ahh x4
