[Verse]

I'm sure I've never told you,
No I've never told you anything.
I'm sure I wouldn't hold it in,
But days like these have just got to go.

[Chorus:]

Tuesday lost inside sedation,
You say I'm lost beside the graveside,
Tuesday lost inside sedation...

[Verse 2]

I always had to hurt you,
But really I never meant it.
Cos I'm the one whose hurtin,
Didn't you ever think of it that way?

[Chorus:]

Tuesday lost inside sedation,
You say I'm lost beside the gravesite,
Tuesday lost inside sedation...

[Bridge:]

As long as they're happy to feel wrong,
Don't go looking back,
Someday realize since she's gone I don't live today...

[Verse 3]

I'm sure I've never told you,
No I've never told you anything.
I'm sure I wouldn't hold it in,
But days like these have just got to go.

[Chorus:]

Tuesday lost inside sedation,
You say I'm lost beside the gravesite,
Tuesday lost inside sedation... [x8]
