You never told me where you came from  
You never told me your name  
I didn't know if you were legal tender  
But I spent you just the same  
I didn't think it could happen to me  
But I fell in love in the first degree -  
It was love at first feel  
(First touch was too much)  
They told me it was disgustin'  
They told me it was a sin  
They saw me knocking on your front door  
And they saw me smile when you let me in  
You and me baby we're all alone  
Let's get something goin'  
While your mum and dad ain't home -  
It was love at first feel  
(Feel good just like I knew it would)
