Put on the headset, get on the stage  
Out on a midnight escapade  
Didn't want to steal your thunder  
Wouldn't want to play your game  
Makin' all the headlines  
Gettin' on the front page  
Didn't even know her number  
I didn't even know her name

CHORUS:

Stand up, stand up and take it  
Stand up, stand up and make it  
Stand up, stand up and face it  
Stand up

Get on the red dress, slip on the lace  
Up for a high heel and a pretty face  
Woman wanna get you under  
Woman wanna get you tame  
Lovin' on a hot night  
Stokin' up the flame  
Didn't wanna know her number  
I didn't wanna know her name

REPEAT CHORUS

(You can make it)
