You say that you're poor  
But come on  
You're not that poor, honey  
Just take a good look around you  
You're not that poor  
You say that it's bad  
But come on  
It's not that bad, honey  
I know you're feeling sad and blue  
But you gotta give it a shot  
You say that it's bad  
But it's not, it's not that bad

You say that you're old  
But come on  
You're not that old, honey  
I've said more goodbye's in my life  
Than I have said hello's  
And I swear by the seeds  
That I gather these trees  
You're not that old.

Come on, come on,  
Come on, come on,  
Come on, come on,  
Come on, come on,  
Come on, come on,  
Come on, come on

You say that you're tired  
But come on  
You're not that tired, honey  
Your whole life has been a race  
Between a pillow  
And a pretty soft place  
You say that you're tired  
You are not that tired

Come on, come on,  
Come on, come on,  
Come on, come on,  
Come on, come on,

Come on, come on,  
Come on, come on

You say that you're sad  
But come on (come on)  
You're not that sad, honey  
Just look at all the friends that you have  
You can't be that sad  
You say that you're poor  
But come on (come on)  
You're not that poor, honey  
Just take a good look around you  
At all the things you've got  
You say that you're poor  
But you're not, you're not that poor

Yeah, but you're not  
You're not that poor
