It was electric from the moment they crossed paths \
Actively attracted but attempted to walk past \
Temptation makes impatient impulses pump through
married men \ So just stop breathe, count to three \ Is
she worth it? \ Whatever this is it doesn't feel right \
Baby, think about your kids \ You're not putting up a
fight \ We could make love tonight \ But you're gonna
hate yourself in the morning light \ So just stop,
breathe, count to three \ Get your head right like: \ I put
the I in lie \ Cause I'm a cheat \ And baby bang bang,
kiss kiss \ You and I got to put an end to this \ We cheat
\ I'm a cheat \ If you're unfaithful put your hands in the
air \ Like you're under arrest, with a guilty conscience \
Stick em up if you've got a guilty conscience \ She
married young \ It was a mistake \ She had a son \
Reluctant father; he upped and walked away \ She
meets a man who craves her company likes she's
craving his \ But honey if he seems too good to be true
\ Guess what? He probably is \ Whatever this is it
doesn't feel right \ So just stop, breathe, count to three
\ Get your head right \ And it's just lust \ Nothing to
write home about \ It's just trust \ Nothing to messed
around with \ It might've felt good for a minute \ But
admit it to yourself it ain't right \ When you're sleeping
with your lover \ But you're living with your wife \ Did
you sell yourself out? \ They lay together in the silent
aftermath \ Butterflies subsiding but they can never
look back
