It's gonna get better
It's gonna work out
Give it a minute
It's gonna turn around
Cos it's gonna get better, better, oh~
It's gonna get better, better, oh~
So just coast with me
So just coast, coast
So just coast, coast with me
So just coast coast (yeah~)
So just coast coast

Maybe I'm too young to be so hopeful
Maybe I'm too young to be so bitter
But I swallowed adolescence by the chokeful
'Came away lookin' like a quitter

Oh, I'm singin': I keep makin' mistakes
But it takes some time to get anything right, right?
You know that I keep making mistakes
But it takes some time to get anything right

{Refrain}

Cos it's gonna get better
It's gonna work out
Give it a minute
It's gonna turn around
Because it's gonna get better, better, oh~
It's gonna get better, better, oh~
We're gonna keep giving
We're gonna get by
We never had to lay down and die
Cos it's gonna get better, better, oh~
It's gonna get better, better, oh~
So just coast with me
So just coast, coast
So just coast, coast with me
So just coast coast (yeah~)
So just coast coast

It's funny how trivia broke me
But tragedy seemed to put me back together, yeah

Oh~ I keep makin' mistakes
But it takes some time to get anything right, right?
You know that I keep making mistakes
But it takes some time to get anything right

{Refrain}

Life's already been hard enough
without you giving up on yourself
When you're down at the bottom
You know it only gets better~~

{Refrain}
