Every word's a new regret if you say it right, right  
Every wound can be forgotten in the right light  
Oh nostalgia, I don't need you anymore  
Cause the Salad Days are over and the meat is at my  
door  
Cause they might try to tell you how you can live your  
life  
But don't, don't forget it's your right, to do whatever  
you like, you like  
Cause you could be your own spotlight, e-o, e-o  
You could be your own spotlight, e-o, e-o  
You could be your own spotlight, you could be the star,  
you can shine so bright, e-o, e-o,  
You could be your own, cause they're gonna tell you all  
the rules to break  
To take away that light, somebody, somebody now  
You could be your own spotlight, e-o, e-o  
You could be your own spotlight.

Depression is a little bit like happy hour, right  
It's always gotta be happening somewhere on any  
given night  
Oh nostalgia I don't need you anymore  
I just hope my perfect stranger that my kids look more  
like yours  
Cause they might, they might, try to tell you how you  
can live your life  
But don't, don't forget it's your right to do whatever you  
like, you like  
Cause you could be your own spot light, e-o, e-o

You could be your own spotlight, e-o, e-o  
You could be your own spotlight, you could be the star,  
you can shine so bright, e-o, e-o,  
You could be your own, cause they're gonna tell you all  
the rules to break  
To take away that light, somebody, somebody now  
You could be your own spotlight, e-o, e-o  
You could be your own spotlight, e-o, e-o  
You could be your own, cause I had a little bit of bad  
luck  
Oh, when will this crumbling world stops

Little sweetness keeps just out of reach  
Cause compassion is something that they just don't,  
just don't teach, teach  
Cause you could be your own spot light, e-o, e-o  
You could be your own spotlight, e-o, e-o  
You could be your own spotlight, you could be the star,  
you can shine so bright, e-o, e-o,  
You could be your own, cause they're gonna tell you all  
the rules to break  
To take away that light, somebody, somebody now  
You could be your own spotlight, e-o, e-o  
You could be your own spotlight, e-o, e-o.
