Give me a soul implant (2x)
Paid for by a credit card (2x)
Then I'll get a second soul (2x)
Paid for by a credit card (2x)
Then I'll get a good implant (good implant)
Good implant (good implant)
Make it out of silicon (2x)

I need more stuff
Give me more stuff

'Cause you'll see my reflection (reflection, reflection)
In michael douglas's mirrored sunglasses
You'll see my perfection (perfection, perfection)
In michael douglas's mirrored sunglasses
You'll see my subjection (subjection, subjection)
In michael douglas's mirrored sunglasses
The look of rejection (rejection, rejection)
In michael douglas's mirrored sunglasses

Big sister is watching big brother
Watching big sister watching another
Lawnmower, costcutter
Leafblower, I've got a lust for power
On the hour
As I'm rolling in
I'm rolling the winds along
Down the hill
Down to the bottom of the hill

I need more stuff
I need more stuff, stuff (2x)
Give me more stuff

And you'll see my reflection (reflection, reflection)
In michael douglas's mirrored sunglasses
You'll see my perfection (perfection, perfection)
In michael douglas's mirrored sunglasses
You'll see my subjection (subjection, subjection)
In michael douglas's mirrored sunglasses
The look of rejection (rejection, rejection)
In michael douglas's mirrored sunglasses

The natural selection (selection, selection)
In michael douglas's mirrored sunglasses
And see my reflection (reflection, reflection)
In michael douglas's mirrored sunglasses
That look of perfection (perfection, perfection)
In michael douglas's mirrored sunglasses
That look of dejection (dejection, dejection)
In michael douglas's mirrored sunglasses
