I see her lyin in the grass
Lookin' cute and bundled up
In all my clothes, Should I walk over and

Help her up
Or just lie right down beside her
I don't think she knows, how I feel or how I

Want to do the right thing
Gotta stand on up today
I've just got something to say

Everything
That's a part of me is free
Everything of you
Is everything to me, everything to me baby

Everything
That's a part of me is free
Everything of you
Is everything to me, everything to me baby

Feel the breeze
From my face down to my knees, of her
Cold shoulder
That I have been receiving lately

Please tell me
What you want
Because you've got it baby
Anything
I'll have it for you in a heartbeat

Come closer to me
I have to tell you a secret
I want you
Everything
That's a part of me is free
Everything of you
Is everything to me, everything to me baby

Everything

That's a part of me is free
Everything of you
Is everything to me, everything to me baby

Everything
Everything

Can't get hold of it
This problem is legit
Don't say that you'll commit
If you can't handle it

You need some time to sit
But its time to admit
If we are makin it
You're gonna have to quit

I can't see anything happening
Between these two
Baby, me and you

Me and you
Me and you
Me and you
We'll have everything

Everything
That's a part of me is free
Everything of you
Is everything to me, everything to me baby

Everything
That's a part of me is free
Everything of you
Is everything to me, everything to me baby

Everything
That's a part of me is free
Everything of you
Is everything to me, everything to me baby

Everything
That's a part of me is free
And all of you baby
Is everything
