Breathe it in and breathe it out,
And pass it on, it's almost out,
We're so creative, so much more,
We're high above, but on the floor,
It's not a habit, it's cool,
I feel alive,
If you don't have it, you're on the other side,

PRIE:

I wake up in the mornin hopin you be by my side,
Feelin so heartbroken, I'm holdin back in my cry,
I wanna tell you my feelins, I'm feelin so very shy,
You sayin you had to leave,
I'm standin askin you why,
What happened to our love, and you tellin me that it
died,
And day by day, every moment I try,
And fuck if it's gon slip, I'm keepin my shoes tied,
Now I'm drownin in the water,
Deep on the beat side,
I'm feelin very lost,
No control of the brain,
No control of my body,
I feel it goin insane,
Trapped in between these walls,
I'm yellin, screamin your name,
Cause I'm tryna get a piture of somethin that's not the
same,
Now tell me who's to blame?
If you ain't here,
And all of my emotion just died and disappeared,
Now I'm reminiscin moments that me and you had
here,
But it's cool cause you're gone, there's nothin to lie
here, yeah

(CHORUS)

Breathe it in and breathe it out,
And pass it on, it's almost out,
We're so creative, so much more,
We're high above, but on the floor,
It's not a habit, it's cool, I feel alive,

If you don't have it, you're on the other side

PRIE:

I'm lookin for change but still can't change yours,
I'm askin you why but still your ass ignore,
Tryna move this right but still got locked doors,
Left behind because I had no more,
Now I'm sittin here sad because my past still sore,
Where do I go? Who should I see?
Because I'm needin you now, and this has to be,
The time for us, just you and me,
But it's all a dream,
All for play, girl it's all for now,
Can't you stay?
Because I'm callin your name,
Needin your touch, missin these moments I used to
love so much,
But it's cool you're gone, gone away,
Left alone that's what my love would play,
But it's cool you're gone, gone away,
Now I'm sittin alone,
There's nothin left to say, yeah,

(CHORUS)

Breathe it in and breathe it out,
And pass it on, it's almost out,
We're so creative, so much more,
We're high above, but on the floor,
It's not a habit, it's cool, I feel alive,
If you don't have it, you're on the other side
