[CHORUS]

(Jay Z) can't leave rap alone, the game needs me
(Drake) Everybody got a deal, I did it without one
(Jay Z) can't leave rap alone, the game needs me, the
game needs me
(Eminem) It disgusts me to see the game the way that
it looks
(Jay Z) can't leave rap alone, the game needs me
(Drake) Everybody got a deal, I did it without one

[VERSE 1 - SHA STIMULI]

(Stimuli man...)

I been in this game for years, it made me irrational
There's rules to the shit. I threw away the manual,
Got an angry attitude
Tired of people asking stupid questions bout these
rapper dudes
Young who? Faggot move
Out my face
You ever get tired of saying that you tired of saying s--t
but when you try and evade it you can't?
I keep rapping like I'm crying, complaining about the
music biz dying and draining but truthfully I'm amped,
Them underground dudes got the wordy flows,
The "bust that pussy open" cats work the hoes,
The cocaine pushers gon splurge they doe,
Imma sit back and just observe the show,
What is spit is raw, unprotected sex on a Twister board
So I could drip life on the game,
The lights and the fame
Was not what my aim was but it is now,
It's like I'm the outcast of the incrowd,
They think they Big Meech, Larry Hoover,
I give a dream speech, Martin Luther,
One nation, under Sha
Y'all Implants, wonderbras
Fake shit, frontin hard
Look up to me,
A fuckin star
You wonder why I'm focused,
I retired seven weeks ago and no one even noticed so
I'm back bitches

[CHORUS]

(Jay Z) can't leave rap alone, the game needs me
(Drake) Everybody got a deal, I did it without one
(Jay Z) can't leave rap alone, the game needs me, the
game needs me
(Eminem) It disgusts me to see the game the way that
it looks
(Jay Z) can't leave rap alone, the game needs me
(Drake) Everybody got a deal, I did it without one

[VERSE 2 - PRINCE EA]

A wise man said men lie, Women Lie, But NUMBERS
don't
And I believed him cuz that line was fucking dope
But then I started thinking... and the thing about it is...
Numbers might not lie, but sometimes they tell fibs.
See if you take the numbers for real, and add em up
You'll see the niggas TWICE as GOOD is getting half as
much
See real RAP is misunderstood so THEM cats GO
wooooo
While that j boog shit Shi* is platinum!
Don't tell me numbers don't lie
If talent equated to money I'd probably be
As financially stable as Jay-Z,
See my name with T-pains and my face on the T.V.
But nah I guess all that aint for me
Way I see it, I was either born too late or too early
I try to show dudes Jules Verne... Too wordy
These jerks don't even know Kool Herc but they know
Fergie!
They know Fergie
THEY KNOW FERGIE
And all I know is how to treat beats with no mercy
And niggas know that from New Hampshire to New
Jersey
This Lil know it all nigga knows that he's noteworthy
I'm the new Master P, but nigga it I'm not Percy... Miller
I'm just a bit iller with the verbie-age
And I'm sicker then a nigga itching for a bid listening to
Eminem and Big
Ya heard me?

[CHORUS]

(Jay Z) can't leave rap alone, the game needs me
(Drake) Everybody got a deal, I did it without one
(Jay Z) can't leave rap alone, the game needs me, the
game needs me
(Eminem) It disgusts me to see the game the way that
it looks

(Jay Z) can't leave rap alone, the game needs me
(Drake) Everybody got a deal, I did it without one
