Lost in the dark  
You were high like a shooting star  
I went to the moon  
And I wanted to show you  
Hey by the way  
You took me down like a tidal wave  
And I got lost in the places we'd go to

Nevermind the consequence of sin  
Nevermind the pain you feel within  
I don't care as long as you are here by my side

Here's a room where we can go  
Where nobody else will follow  
Put all of your trust in me  
And I will give you mine

Nothing ever lasts forever  
But as long as we're together  
Tell me you love me

She is a queen  
In a city of broken dreams  
If she'd only believe in the power of devotion

You could turn away from here  
Put your faith into the atmosphere  
While I sing sing sing you to sleep

There's a room where we can go  
Where nobody else will follow  
Put all of your trust in me  
And I will give you mine

Nothing ever lasts forever  
But as long as we're together  
Tell me you love me

We've been on the run  
Since the day we were born  
I can feel you next to me

Even when I'm alone

There's a room where we can go  
Where nobody else will follow  
Put all of your trust in me  
And I will give you mine

Nothing ever lasts forever  
But as long as we're together  
Tell me you love me
