"Brain Constipation"

Can't stop obsessing all the alienation,
My head is bleedin' frickin' brain constipation

Somebody hear me, somebody listen to me
Am I alone in this world
Is there anyone listening?
Appease me, can't find a reason to be
Alienation, is taking over me

I'm going away, can't go on any longer
I really don't know why I just gotta die
I never thought this was how it would end

The body swinging,
I see it over and over again
Vanian singing, can I ever listen to it again?
A cry for attention was a cry never heard

With no one listening,
There was nothing to be heard
Nothing to be heard
