[Originally by The Germs]

Rip them down Hold them up Tell them that I'm your  
gun Pull my trigger I am bigger than Rip them down  
Hold them up Tell them that I'm your gun Pull my  
trigger I'm bigger than Mr. Prez in his big white house  
Listen he sez we're coming out Infiltration, we're  
numbing your minds Concentration, we've done time  
Rip them down Hold them up Tell them that I'm your  
gun Pull my trigger I am bigger than Rip them down  
Hold them up Tell them that I'm your gun Pull my  
trigger I'm bigger and never step down.
