Jamaica's alright, if you wanna get in the middle of a  
knife fight

Jamaica's alright, if you wanna get AIDS or dysentery

Jamaica's alright, if you wanna be mugged or  
murdered

Jamaica's alright, if you're a misogynist, or a  
homophobe

Jamaica's alright, if you like only one kind of music

Jamaica's alright, if you like small bananas and spiders

Jamaica's alright, if you wanna buy drugs from your  
hotel room

Jamaica's alright, if you want your hand lopped off by a  
machete
