Stop! Have a beer it's on me  
Has anyone ever told you that you  
That you look like a star  
When you're sitting at the bar.  
So I drink, cause it makes me  
Happier than being alone.  
My good friend, Johnny Walker  
Keeps me warm like a cunt

Seems like everybody's got  
Something I have not,  
A reason not to die  
Death to Mr. Right  
Cause that's not me

Seems like everybody's got  
Something I have not,  
A reason not to die  
So I say death to Mr. Right  
He makes me sad, yeah yeah yeah
