Never thought it could happen to me
Again and now look at me
I'm alone, standing in my cell
Staring at the wall, living in hell
All my life, I never said when
Again, again and again
Breaking, smashing, and killing
I never knew when to quit
How much do they take, I should have stopped
Thought I'd never get caught
But I did, I got caught
Now I feel pretty stupid. Fuck!

I'm shitting shitting bricks
I'm shitting shitting bricks
I'm shitting shitting bricks
I'm shitting bricks by the dozen
I'm shitting shitting bricks
I'm shitting shitting bricks
