All we need, a little methamphetamine.
Three on speed. a little subversality.
What we do, is nothing you know about.
Who are you? definitely not one of us.

All we need is a little pick me up.
I don't really care is it's clean or if it's cut.
So give it to me now or you're gonna bring us down,
Yeah hey.

Give me some skin, yeah.
Who are them? they don't know shit about us.
Different strokes, because we wanna live our lives
faster.
Gonna burn the candle down at all three ends.
Live fast, die fun.

All we need is a little pick me up.
I don't really care is it's clean or if it's cut.
So give it to me now or you're gonna bring us down,
Yeah hey. wahoo! hot damn!
