We are Rome, Aztec Mexico, Easter Island paradigm  
We are followers of Jimmy Jones, cutting in the kool-aid  
line

We are Animal Farm Pigs, we are a Terry Gilliam film  
We are fear Oligarchy, we are wolves in wolves'  
clothing, we are this planet's kidney stones

In the process of getting passed, metamorphosis from  
first to last  
A system breaking down beyond repairs  
A product of three million millionaires and 100 million  
easy marks

We are Marie Antoinette, we are Joseph McCarthy  
We've finally become the divided states  
A nation built on freedoms, fears, and hates, the  
denotaion of Irony

We all want a hollywood end, but we're getting a  
foreign one  
The script has already been penned, and titled, "the  
epitaph of a drowning nation"
