"Circulating Slow"

Visit "[Circulating Slow](#)" on MotoLyrics.com

I don't wanna believe what you have done
Slip and slide in the way you have begun
Eyelash up and down, in and out of bed
Sense sensation keep pulling sucking over
You - circulating slow
Breathing slow
Pray that I will not punish you tonight
Pray that I will believe your execution
Baseball teams keep running op my driveway
Youll receive an award for doing it my way
Stop making me flow
You - circulating slow
Breathing slow
Tonight, hvis sengen vil
Hvad skal der til?
