Let's get it!

Welcome in the club it's a light show,
Everybody beeping, I move like a slide show,
Get a press conference, get a camera phones up,
Cause I'm getting old!
Phones, taking a picture now!

I'm Ray, the boy wonder,
I never play this hard kick,
I'm back for a soft speak and all the flashes
Paper plates, I'm changing...
Play the house rules baby,
I'm gonna change the game!
I'm so brand new,
All I need is a plastic wrapper,
I'm the rapper of the rappers,
All the rappers have been rapping after.
Shut the club down!
What?
Is like a...
Getting girls, two pairs, I ain't talking poker!
I need something soft, a little delicate,
And so I'm howling at you girl for the hell of it
I'm the man's home, ain't no need for...
Fans want my album; I ain't got it, so shit!

[Chorus: x2]

Welcome in the club it's a light show,
Everybody beeping, I move like a slide show,
Get a press conference, get a camera phones up,
Cause I'm getting old!
Phones, taking a picture now!

Hey, I'm fifty... ahead,
But who keeps the score?
I hope these bottles...
Cause we need some more!
The same dude is talking about how they run the club,
I'll be outside like Jimmy... show me where's the love.
I don't care... bro, I make power moves,
So I'm drooling for the cash like a power tool,
Play another sucker, baby; I am not a fool,

I buy a piece of lamb before I buy a lot of jewels.
It's my own sweat you all looking like
Like I'm gonna follow you here, what are you looking
like?
I rather do me and worry about your ass,
I made my own market bitch, I'm keeping all the cash!

[Chorus: x2]

Welcome in the club it's a light show,
Everybody beeping, I move like a slide show,
Get a press conference, get a camera phones up,
Cause I'm getting old!
Phones, taking a picture now!

Take a picture, bro!
You're looking hot enough,
We're taking the over haters,
You'll have to pardon us,
Let me... fresh,
Been the best dress,
Seventy SS,...
Yeah, I'm looking at you,
What you're expecting?
Only jealous when I'm staring at my own reflexion.
My bad, I'm just an asshole, swimming in the haters,
I can teach you how to backstroke.

[Chorus:]

Welcome in the club it's a light show,
Everybody beeping, I move like a slide show,
Get a press conference, get a camera phones up,
Cause I'm getting old!
Phones, taking a picture now!
