"The City Lights"

The city lights burn dimmer now
Because they'll always remind me
Of what we've lost
I couldn't face the truth but inside I knew
You're gone

And there's no sense to be mad
Just the loss remains
We couldn't face the truth but inside we knew
You're gone

My friend we say goodbye
You have our deepest love
You're always in our hearts
And we will not forget, no

A smile that could light the room
And a spirit that embraced the world
You lived so much life in such short time
And we will not forget

Thank you for everything
Our lives forever changed by knowing you
And we will not forget
The true kindness of your heart
All that you achieved
All the lives you touched
My friend we say goodbye
