### "Another Try"

Here it goes another try  
I sure don't wanna fall out of line today  
Is it worth another try  
I may just tripped up anyway  
I'll try to step in time  
I sure don't wanna fall out of line today  
I'll have a second try  
And i'll get the hang of this someday  
And so give me some time  
Cause i may just keep this alive

You'll be the One i need  
And You'll see the truth in me

Here it goes i gotta fly  
I sure don't wanna run out of time today  
Is it worth the tears i cry  
Or could there be some other way  
I said i'll come some other time  
But i don't wanna run out of time today
