No smoking
No smoking sir
Digital
Does anyone have any time to play? No smoking
Does anyone have any?

1, 1, 1 no smoking
2, 2, 2
3, 3, 3 no smoking sir
4, 4, 4

I could go on counting for hours, the things that I like
Please don't move baby stay right here, stay right
inside
I don't mind if you turn your back on me, cause I know
you're still good
Even if I wanna turn on a light, in this position I don't
think I could

36 - I always dreamed of your measurements in neon
lights
24 - At Christmas baby maybe you can light up my
room and brighten up my
Nights - 36

CHORUS

I never had a girl before with much of a figure
So excuse me if I start to play with your Digital Display
Digital Display - I wish your music start to flow
Digital Display - To make your digits want to show
Digital Display - I could turn you off by day
From your digital Display

You always did know how to make one beg for they
already should have had
But since I know how to make you digits show I feel that
I don't have to
Ask Take my hand and I'll take you yours and well
guide in the right way
And when it's there you can tell your friends how you
made my digit

Display

You're what I've been waiting for to raise my low score
Cause I've been striking out all day and it makes me
feel this way...

Digital Display - Like I can't get no
Digital Display - When the going gets tough
Digital Display - I just want my part to play
With your digital display
