Against the grain
How ironic can it get
With fearless doubt i didn't count the pain
I never knew You
But came the time to wake the soul
Of one who searched beyond the light
I did not find and empty hole
I found the One who fills my life
So high with love i can't explain
And now for a while, oh i'm gonna try
With no regrets to live again

Your love is overflowing, pour it out
My soul is ever growing near to You

A change of heart it paved the way
To a life so filled with love
And there's no doubt that i will change
Cause i know You and You give love
So high with love i can't explain
And now for a while, oh i'm gonna try
With no regrets to live again

Cause i've been watching You
And i've been loving You
I don't want to be led astray
I've been trying to give what i'm dying to
I don't want to go on this way

Don't you leave me
Don't You leave me now
